It is believed that the Chihuahua breed originated in Pre-Columbian Mexico and was the first breed of dog in the Americas. The modern Chihuahuas may be the result of breeding the *Toltec* companion animal, the *Techici*, with Spanish-introduced small dogs.

Mission San Luis, *Florida's Apalachee-Spanish Living History Museum*, was the western capital of Spanish Florida from 1656 to 1704. Today the Mission brings the early 1700s to life with living history interpreters in period dress, reconstructed period buildings, exhibits, and archaeological research. The site is managed by the Florida Department of State, Division of Historical Resources, Bureau of Archaeological Research, and support is provided by the Friends of Mission San Luis, Inc. *VIVA Florida 500* is a statewide initiative that highlights the 500 years of historic people, places and events in present-day Florida since the arrival of Juan Ponce de León in 1513.

Mission San Luis is located at 2100 West Tennessee Street in Tallahassee, Florida, and is open Tuesday through Sunday from 10 A.M. to 4 P.M. For more information please call 850.245.6406 or visit [www.missionsanluis.org](http://www.missionsanluis.org).
